Sir:

INFORMATION DISCLOSURE STATEMENT

Enclosed for the consideration of the Examiner in connection with the prosecution of this case is a copy of an Official Action issued in the corresponding European patent application together with a copy of references D13-D15 cited therein and a Form PTO/SB/08. References D1, D3, and D5-D7 cited in the Official Action were submitted in the Information Disclosure Statement of December 23, 2002. References D2 and D8 cited in the Official Action were submitted in the Information Disclosure Statement of September 14, 2004.

Also enclosed for the Examiner's interest in connection with the prosecution of this case are copies of the other two German references listed on the attached Form PTO/SB/08. These two German references correspond to U.S. Patent No. 4,734,416 to Banno et al. cited in the Information Disclosure Statement of September 14, 2004.

According to applicants, the two German references are being cited in addition to U.S.

Patent No. 4,734,416 because they include many compounds that are not specifically disclosed in the corresponding U.S. Patent.

In the Office Action of December 15, 2004, the Examiner noted that the Mullins document submitted with the Information Disclosure Statement of September 14, 2004 was not considered because it "was not scanned." Accordingly, it is cited again on the enclosed Form PTO/SB/08 and another copy of it is enclosed.

A check in the amount of \$180.00 as required by Rule 97(c) is enclosed. If there is any additional fee due in connection with the filing of this Statement, please charge such fee to our deposit account 06-0916.

Respectfully submitted,

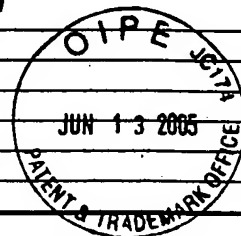

FINNEGAN, HENDERSON, FARABOW,
GARRETT & DUNNER, L.L.P.
